Very short game, no achievements. Developer has clearly not been working too hard on this game. There are obvious faults, like when you see big differences and they are not counted as such. The first few photos was better than the last. Maybe the developer didn't like his\her project after a while and wanted to finish up too early?

+ Cheap

+ Lets you save the photos if you want them on your harddrive for any reason

- Too short \ few photos

- Major mistakes made by the developer \ photoshopper

- No achievements

- Too easy

3\10 from me. I wouldn't recommend it, but if you do it'll cost you less than a hot dog.
